

# The Auriga Academy Trust - Register of Interests

(updated 01 May 2023)

## In accordance with the Academy Trust Handbook:

The academy trust's **register of interests** must capture relevant business and pecuniary interests of members, trustees, local governors of academies within a MAT and senior employees, including:

- directorships, partnerships and employments with businesses
- trusteeships and governorships at other educational institutions and charities

For each interest the following information is required: the name of the business; the nature of the business; the nature of the interest; and the date the interest began

The register must identify any relevant material interests from close family relationships between the academy trust's members, trustees or local governors. It must also identify relevant material interests arising from close family relationships between those individuals and employees.

Please note this is a public document and will be available on the Trust website. Should you require additional information please refer to the Academy Trust Handbook.
